If you change your operation from what is described in your notices, please contact this office prior to the change. If your operations extend for more than one year, please advise this office of the status of your mining related activity on the anniversary date of your notices.

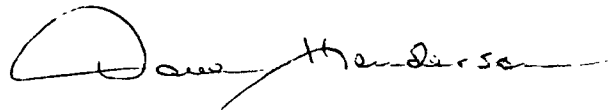

Copies of your notices have been sent to the Utah Division of Oil, Gas and Mining (DOGM); therefore, you will not have to file these notices with DOGM. However, reclamation under these notices is required to conform to the standards of the Utah Mined Land Reclamation Act. Also, all mining claimants and operators that plan to use, store, or divert water are required by Utah statute to notify the Utah Department of Water Resources, 1636 West North Temple, Salt Lake City, Utah 84116-1203.

As required by 43 CFR 3809, Surface Management Regulations, reasonable measures must be taken to prevent unnecessary or undue degradation of public lands during your operations. Please notify this office upon completion of operations and reclamation, so an inspection may be conducted on the site.

Acceptance of your notices will not now, nor in the future, serve as a determination of the validity nor ownership of any mining claim included under your notices.

Sincerely,
